

Nantucket Island is a place of great beauty, yet it's resilient in the face of the harsh coastal weather of the North Atlantic. That same resilient beauty is expressed in the Nantucket® Collection by Simpson. Featuring 10- and 5-year extended warranties, these doors offer a warm welcome to those who approach them, yet resist extreme weather conditions when they need to.

LIFE  
GOES  
THROUGH

## Unbeatable Construction

- Mortise-and-tenon joinery with face-driven pins
- Two-piece laminated stile-and-rail construction
- Divided lite doors made with SDL construction
- Design pressure ratings of DP50 (additional hardware may be required in some applications)

## Wood Species Options

- Available in Douglas Fir, Sapele Mahogany, Nootka Cypress and Black Locust
- Tenon and face pins always made of Black Locust

## Design Options

- Thickness - 1¾" or 2¼"
- Sticking profiles - ovolo or shaker
- Panel options - 1¼" Innerbond® double hip-raised or ¾" solid flat

## Nantucket Collection Extended Warranty

- 10-year warranty on doors made from Sapele Mahogany, Nootka Cypress and Black Locust
- 5-year warranty on doors made from Douglas Fir
- No building overhang required, refer to "High Exposure" finishing recommendations for best performance

Nicknamed "The Gray Lady" due to its regular foggy conditions, Nantucket is known for being historic, hardy and starkly beautiful. Windblown beaches and weather-beaten shingles are a way of life on this blustery island. This same spirit is reflected in our Nantucket® Collection...doors built to stand up to the elements while standing out, thanks to their classic design and unsurpassed craftsmanship.

## Choose Your Wood Species

Like all Simpson doors, our Nantucket® Collection is about building a door that is uniquely your own. That's why you can choose from four wood species options, each one as beautiful as it is durable. Because the grain patterns and color of natural wood will vary, your door will have a one-of-a-kind texture, warmth and personality.

### Available Wood Species:

Douglas Fir                      Sapele Mahogany  
Nootka Cypress                Black Locust

**Simpson®**  
Door Company

In the Simpson tradition of exceptional performance, these doors combine durable, weather-resistant wood species with a modified mortise-and-tenon construction technique. The result is a door that will retain its rugged beauty and last for years, regardless of what nature sends its way.
