

Redi-Prime® Premium Flush Interior Doors

Scan for
More Information

Simpson Redi-Prime® is one of today's most recognized brands for painted interior doors. And new to the Redi-Prime product line is Premium Flush Interior Doors. These doors feature a 1/4" MDF veneer over a wood stile, rail and stave core substrate, ensuring structural support with less mass than a solid core flush door. These doors will fit perfectly in both new contemporary construction and mid/mod remodels. Get your premium flush doors either in local inventory or through Simpson's Redi-Ship® Program.

SPECIFICATIONS

- Standard doors offered in 1-3/8" thickness. Fire-rated doors offered in 1-3/4" thickness.
