

Solid Wood Sills

Simpson provides matching millwork for any wood door and now offers wood sills. Wood sills are a beautiful complement to a wood door and could be the perfect finishing touch to your exterior door unit.

Sills are available in 3 profiles: inswing, outswing and low-profile for Pivot or low threshold applications. Each sill is available in Red Oak and Sapele Mahogany, and in a variety of widths and lengths.

Sill Options:

10007

Pivot door solid wood sill 3/4" thick.
Available in any width up to 9"

10008

Inswing solid wood sill 1-5/8" thick at dam
Available in widths of 6-7/8" and 8-7/8"

10009

Outswing solid wood sill 1-5/8" thick at dam
Available in widths of 7-1/2" and 9-1/2"
