There’s a reason why a welcome mat is placed at the foot of a door. A door is the warm greeting as you enter the home. Conversely it is the welcoming promise of the world beyond as you leave those walls behind. The closing of a door can bring comfort and security. The opening leads to possibilities and wonder. As the first and last impression, a door is not only representative of your creativity and style, but it’s something that helps transport you to and from life’s events. Choose the right door and welcome beauty, elegance, character, and of course, unparalleled quality to your life.

HOW TO ORDER
Six Steps to Your Perfect Simpson Door

1. CHOOSE A DESIGN
Here’s where it all begins. Complement your home with popular styles like Arts & Crafts, Colonial or Contemporary; or browse our extensive collections like Nantucket®, Mastermark® or Artist.

2. CHOOSE YOUR SIZE
Our doors come in all shapes and sizes. No matter what you have in mind, Simpson can make your wood door come to life. Select your size up to 12 feet tall, 6 feet wide and 2-1/4" thick.

3. CHOOSE A WOOD SPECIES
Simpson offers a broad range of wood species, each with its own distinctive character. Choose from traditional to exotic, each meeting our strict grading standards.

4. CHOOSE YOUR GLASS
Whether you are concerned about privacy or just want to add a contemporary touch to your door design, we can deliver the perfect piece of glass that reflects your vision.

5. CHOOSE AN UPGRADE
Sometimes an exterior door needs additional protection from the demanding elements of Mother Nature. Our Performance Series® is a selection of heavy-duty upgrades. Or choose the Nantucket Collection, an all wood door engineered for the toughest exposures.

6. CHOOSE A DEALER
Simpson Authorized Dealers will provide you with the additional information you need for your dream door. To find one near you, simply visit our website and enter your zip/postal code.
This catalog provides a snapshot of the standard doors available from Simpson Door Company. To explore the full collection of custom capabilities and interact even further, visit our extensive website. There you can open the door to a wide web of useful tools and information.
Nantucket Island is a place of great beauty that withstands the harsh coastal weather of the North Atlantic. That same resilient charm is expressed in the Nantucket Collection™ by Simpson. Featuring a 10-year warranty, these doors combine weather-resistant wood species with a modified mortise-and-tenon construction technique. The result is a door that will retain its rugged beauty, regardless of what nature sends its way.

There’s a certain comfort in tradition. The passing down of skills and beliefs from generation to generation means you know exactly what to expect. Our traditional doors are made to be part of life’s journey, no matter where it takes you. For over 100 years, Simpson has been engineering wood doors using the latest technologies. It’s what we know. It’s who we are. It’s why you can expect the very best from every Simpson Traditional exterior door.
